YEAR IN REVIEW

2026: what I *built.*

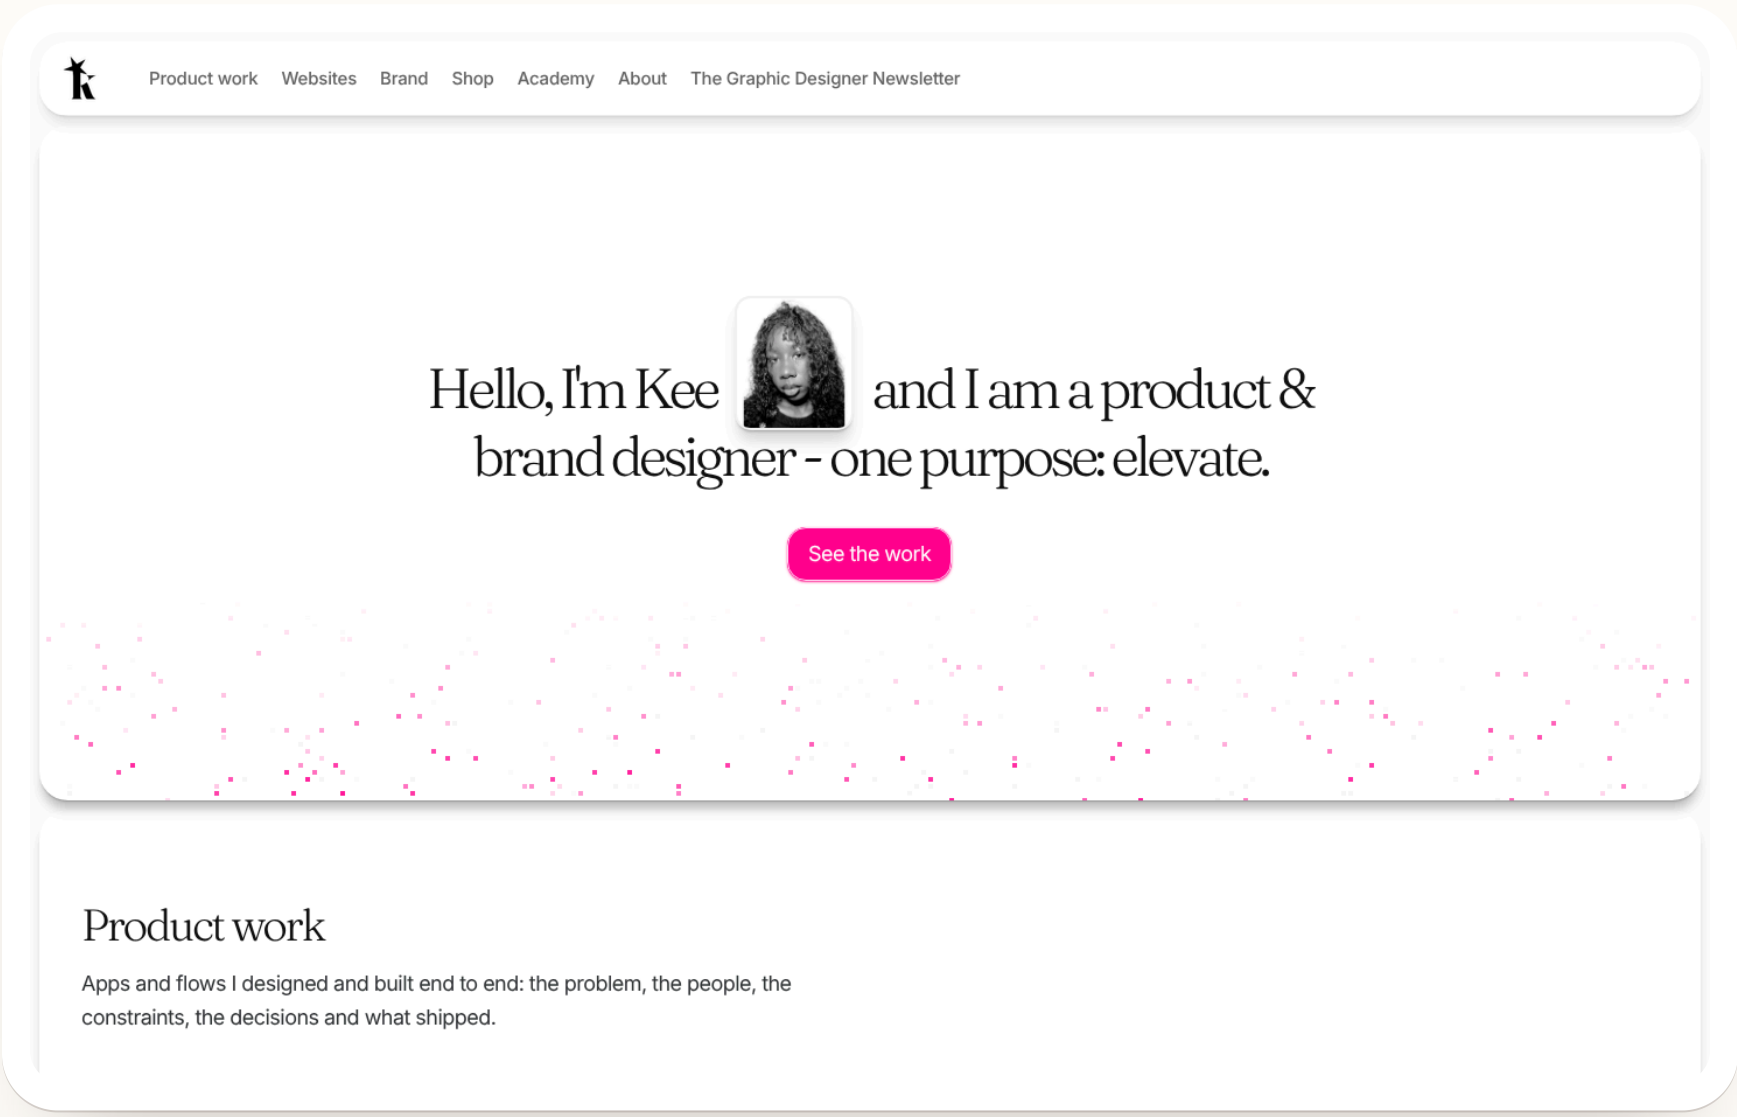

One slide each.

SWIPE →

01 · PORTFOLIO

A portfolio I *own.*

Rebuilt by hand from a template: case studies written like product design, no subscription.

02 · KREEATIVE CLIENTS

Brands designed and built *end to end.*

Lyzma Industries, GloryWalk, The Bakery, The Ivory Sukundu.

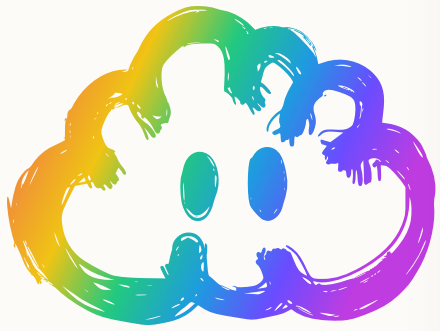

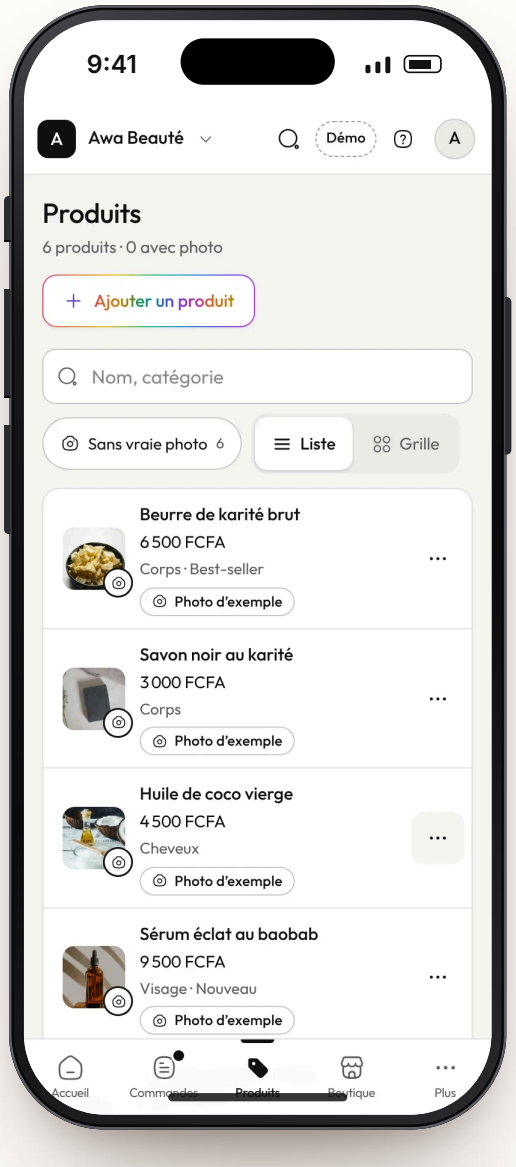

03 · JEERE

From an idea to a working *editor.*

An e-commerce platform for African merchants. A working prototype, and the first 50 shops offered free for 3 months.

04 · NEW ROLE

Close to the people product teams *design for.*

A new role in customer experience at a tech company. Every day: what is broken, what is confusing, what people are actually trying to do.

WHAT IT CHANGED

I start from the problem people have, not the feature I want to build.

Follow Kee for design, tech and *building in public.*
